## Solid Waste Group

### NOTES:

The following conditions apply to all trade refuse users of the landfill and transfer stations:

- The disposal of Special wastes (as defined in the landfill management plan) at the landfill requires the Waste Generator to complete the "Special Waste Questionnaire" and "Waste Profile Declaration". Special waste will be only accepted after Council's approval of the application.
- Hazardous waste, Prohibitive waste and Trade waste (as defined in Council's Solid Waste Bylaw) will not be accepted at Council facilities.
- Council will invoice commercial users at appropriate intervals. The assessment of volumes of refuse for charging will be based on the volume of refuse in the vehicle, not the compacted volume in the landfill. Council's assessment of volumes will be final.
- Unless agreed with Council NO truckloads of trade refuse or loads of clean fill greater than 0.2m<sup>3</sup> will be accepted at the transfer stations. Such loads may be accepted at the landfill and will be charged for separately at the landfill charge.
- Unless agreed with Council or the landfill operator no after hour access is allowed to the landfill or transfer stations. No keys to the landfill or transfer stations will be issued.

Special/Difficult Refuse is waste that is bulky, lightweight or requiring immediate burying due to containing offensive odour, or is easily windblown, attractive to vermin, has health implications, contains asbestos, or as required by the Council or landfill operator.

\* based on \$10/tonne Waste Levy contribution (excluding GST) and \$20.65/tonne carbon credits (GST exempt). These prices are subject to change during the year based on third party pricing.
