Youth Development = Youth Strategy

VISION: Central Hawke's Bay young people are supported and valued by being heard and given opportunities within a safe and healthy community

VALUES: This strategy is underpinned by the following values:

Opportunity - Whanau - Acceptance -Connectivity – Choice – Belonging - Self-expression - Creativity - Role modelling

TARGET AGE GROUP: The target age group for the Central Hawke's Bay Youth Strategy is defined as 12-24 years

Why another group?

Youth Development in CHB is in a good place, our young people have more on offer to them now than ever before. We want to capacity build on this to strengthen what we have in CHB, give those who don't have a voice in Youth Development a platform to have their say and identify any data indicators, gaps and areas of growth and work collaboratively to ensure to our youth people continue to get the best of what they deserve.

Initial Aims of Group:

- To ensure that youth focused agencies are all working together to deliver the CHB Youth strategy
- To establish a written model of Youth Development in CHB that will be an active moving document that can be delivered and presented at many of the forums we are present at
- Report to Safer CHB – Youth Strategy in Action
- Regular meetings to discuss Youth Development of CHB and come up with fresh and innovative ideas
- To collect real data specific to CHB young people, to track real results
- To ensure those active in youth development have a voice – i.e. Cadets, Scouts, Volunteer groups

### Guest - Andrew Eagle from Ruahine Cadet Unit:

Cadets been going since 1908 and has been an active Youth Cadet unit since early 1990's. Had a steady number of 40-50 young people involved over the years and has been nationally recognised for its success and has been a leading unit over the years. Profile has dropped in community and currently 10 – 15 cadets involved currently, and only 1 cadet force commissioned leader. They have great committee of support staff for the funding and finance. There is a commitment from those involved that they want to do all they can to raise profile and boost numbers.

Ideal would be to have 2-3 commissioned leaders. Next recruiting evening is at start of term 3&1.

Ideas to raise profile:

- 
- Open day event
  - Facebook Promotion
  - Pamphlets and brochures – info packs
  - CHB Mail article and history of unit
  - Interviews with young people involved
  - Careers advisors at college
- 

**Actions: John McConville - to touch base with Andrew on facebook promotion ideas**

**Andrew - to come back to the group with promotional packs and a comms plan that we through our networks can support.**
